## Dance Opens Social Season Culminates Orientation Week

Freshmen attending the Orientation Dance last Friday night heard FSC's Unconditional Surrender. This year, the band plays with strobe lights flashing. Students not attending the dance were given a free concert outside Parkinson Gym.

Traditionally the sophomore class acts as sponsors for the dance which is covered by the SGA budget. However, few sophomores were present to check ID's. In addition, very few SGA council members attended the dance.

Jim Prescott, Bob Hughes, Dave

Rahaim, Jim Beauregard and Mark Forgues comprise the Unconditional Surrender.

Sophomores assisting on the clean-up committee were: Dick Coleman, Paul Sadowski, Larry Wenz, Kevin Weston and Jerry Mahoney.

Members of the Orientation Committee are: Bob O'Reilly, chairman, Dick Coleman, Harry Comerford, Richard Bertuzzi, William Flynn, Joe Ruskowski, John DeBassio, Paul Corriveau, Bob Steele, Dan Farren, Charlie Cooke, Larry Forshner and Doug Gagne.

Orientation dance draws large turnout. Freshmen dance to music of The Unconditional Surrender.

## D. Rahmberg Delegate To AAUP Conference

Diane Rahmberg, '69, has been selected to participate in the special statewide AAUP conference to be held October 5, at Framingham State College. She will accompany Dr. Powers and Dr. Nash as official delegates to the conference.

The American Association of University Professors promulgated last year's momentous document defining students' rights.

"Faculty and student participation in policy decisions in the academic community" is the topic that will be discussed at the October conference. Panels will deal with faculty government, student participation, and the special problems of the state colleges.

Clark Byse, professor of law at Harvard University and past president of AAUP, will lead the general discussion following the panels.

## Cultural Affairs

### Basques Present Folk Art

Colorful pageantry and native costuming came to FSC Monday evening during the Olaeta Basque Festival of Bilbao, the first presentation of the cultural affairs committee.

Singers, dancers and instrumentalists from the Basque countries followed no regular format. They combined their

dances and music into a memorable pageant which revealed the life of the Basques in its varied aspects.

The Basques have resisted assimilation to advancing culture by adherence to the folk arts down through the ages.

Members of the cultural affairs committee sold and collected tickets at the door. Karen St. Cyr, Doris Hodgen, Linda Hansen, Jim Backus and Bob Audette performed these duties. Diane Rahmberg, also a member of the committee, welcomed the students and faculty and introduced the Basque Festival dancers.

### SAX Needs Staff

Nancy King, '69 Sax editor, has announced that there are openings for Sax staff members. Students interested in working with Nancy and her staff should contact her.

Jay Sampson, a junior, is assistant editor. Mike Sbea and Charlie Lopresti are co-business managers. Kevin Demeritt is the sports editor and Kathy Whiting is in charge of the art department.

Following last year's tradition, the 1969 Sax will not have individual write-ups. In addition to name and section, any activities in which the student participated will be listed.

Faculty advisor for the Saxifrage is Mr. Joseph Farias.

Seniors are urged to buy their Sax since a yearbook is one of the few tangible souvenirs of FSC.

### Pi Sigma Upsilon

Pi Sigma Upsilon held its first formal meeting of the year on Tuesday, September 17. President Don Drew and the Board of Directors began the mapping out of the calendar for the upcoming year. Highlighting this year's events will be the annual Canned Food Drive to be held before the Thanksgiving Holidays and a program to aid underprivileged children in the Fitchburg area. This is a new undertaking to direct these children

## Vietnam Claims First FSC Alumnus

By JOHN MULLOY

The blunt reality of the Vietnam War was felt by many FSC students and alumni last week, when the Defense Department announced that Theodore A. Thompson Jr. was killed in action on September 8.

To those of us who knew him, it is not enough to say we were saddened by the news. This tremendous loss is impossible to articulate and yet, to remain silent would be unpardonable.

Ted enlisted in the Army, as a private, soon after graduating. After receiving his commission at OTS, Fort Benning, Ga., in 1967, he went to Vietnam as a paratrooper with the 101st Airborne Division. He was wounded in action last March and was awarded the Purple Heart. After recovering, he returned to

Vietnam and was scheduled to be sent home in November.

Ted was a grateful alumnus, his letters home were full of his Alma Mater, classmates, and fraternity brothers. His quiet, friendly manner made him many friends, and he was liked and respected by all who knew him.

On Friday, September 20, his body was flown to Washington, D.C. for burial in Arlington National Cemetery. On campus, the brothers of Delta Phi Pi observed a day of mourning by wearing black arm bands.

A scholarship has been established in his name at Ayer High School. Contributions may be sent to:

1st Lt. T. A. Thompson Jr.  
Scholarship Fund  
c/o Superintendent of Schools  
Ayer, Mass.

## Library Expands Reference Facilities Students Use Honor In Open Stacks

By W. T. CASEY  
Head Librarian

Because the first weeks of the new semester have given strong indications that student use of the college library will be well in excess of all previous totals, it was decided to inaugurate a new policy for the Periodical Department. Effective immediately, this department will be operated on a self-service basis and students will be permitted to obtain their magazines directly from the shelves without waiting for the librarian to select them.

To make this new system operate effectively will require the full cooperation of every student. The procedures to be followed are relatively simple, but they must be followed carefully in order to avoid confusion. Magazine request slips will still be used and these must be filled out completely so that magazines can be quickly located. These magazines are filed alphabetically by title on the shelves and the individual volumes are arranged chronologically according to date. A librarian will be on duty at all times for the express purpose of helping students, however, we believe that this new procedure will make it possible for this help to take the form of the instruction in the use of the periodical indexes, periodical reference work, preparation of bibliographies and a variety of

related tasks designed to make the library an educational tool in every sense of the word.

In conjunction with this change in policy, we are emphasizing our expansion of microfilm use. The microfilm readers are available in the Periodical Department and the librarian on duty will be glad to demonstrate one and explain what is available on microfilm in different subject areas. By developing this segment of the library it will be possible to provide students with

access to a virtually unlimited amount of resource material in all fields.

Because every change can produce problems, we realize that there may be some difficulties attendant upon this new procedure. We accept this as part of the price to be paid for change. We believe that the end result will be a more effective utilization of the library resources and the subsequent development of a program that will be of great benefit to the entire college.

A student uses one of the library's four microfilm viewers. The New York Times from the 1800's to 1968 are micro-filmed.

## Flower Power

Flora abound at FSC this year. Bright splashes of color welcome those approaching the college. Scarlet geraniums and vibrant zinnias cluster around the college sign and brighten the walk leading to Thompson Hall.

Who is responsible for helping to make our campus beautiful? Miss Catherine Cox, chairman of the geography department, has put time, effort and personal funds into helping improve the campus. Miss Cox feels that if students see that someone is taking an interest in the campus, they will better appreciate their college and take pride in keeping it beautiful.

Miss Cox supervised the transplanting of plants, shrubs and bushes from the new Highland Avenue property. Betty Prior roses will be blooming beside Herlihy in the spring and hopefully the hill beside the high-rise will have a ground cover of violets at the same time.

Flaming azaleas and blaze rambling roses will help to brighten the college scene.

Several problems were encountered during the planting. Short hoses and a much-deserved vacation interrupted the watering of the newly transplanted shrubs. However, Miss Cox thinks that, although some of the bushes are already showing signs of dying, most of the transplants will take.

Mr. Michael Rivard of Mr. Boursey's office, the grounds crew and the student workers should be commended on their role in beautifying the campus. Raymond Buhts, Frank Stefanides, Ralph Swanson and Dom Ciccolini were the students who assisted in the mass transplanting.

Miss Cox expressed the wish that each student assume a personal role in improving the campus. This does not mean that the students must weed the flower beds and prune the shrubs. It is the small things like throwing rubbish in a barrel and not on the ground that will improve the campus and the spirit of the students.

EDITORIALS

New, Newer, Newest...

"And on your left, as we approach Fitchburg State College, you will see the tallest structure in the city — the women's new high-rise dormitory. Or is the new high-rise women's? Whatever the case, there it is."

This could be a typical conversation of someone describing the newest structure on campus. For nearly a year, girls living in the dorm are not sure exactly where it is they are staying. The dorm's strategic location makes it a prominent feature of the college. However, it is awkward to mention the building in conversation.

Plans are underway for the construction of another women's dorm. This raises the question of what to call that one. Will it be the newer women's dorm? Or will this year's new dorm become next year's old dorm?

There are two possible solutions for alleviating this problem. One would involve dropping all the names of buildings and numbering them all. This would be very cold and impersonal but practical to the extent that it would allow for indefinite expansion.

The logical alternative requires the simple step of bestowing a name on the dormitory. Miller, Palmer and Herlihy, in addition to all the other buildings on campus, are named for some well-known figure in local educational circles. Certainly this field has not been exhausted. There are many fine people who could be honored by this method.

Kampus Vue is sponsoring a program to give the new women's high-rise dormitory a name. As students of this college, commuters and dorm residents, we must all be concerned about the college. Students may drop all suggestions for naming the dormitory into the KV mailbox.

We hope that during the Diamond Jubilee Year we will see all of the buildings on campus with names.

Now Is The Time

Diamond Jubilee. The words denote something bright and gay. The year ahead looks bright and gay for FSC. SGA has been working hard in cooperation with the Administrative Council and the Faculty Senate to make this the best year in the history of the college.

We will be the beneficiaries of all their hard work. However, there are certain responsibilities that go hand in hand with students' rights and personal freedoms. It is our duty to accept these responsibilities if we are to have a truly successful year.

There are three major tasks we must undertake to insure a rewarding year.

Supporting campus activities is one of the primary tasks. The large turnout at Saturday's soccer game and the Newman Association's functions demonstrated that many of our students are beginning to realize this as one of their duties.

We must also let the SGA council know what we would like to see changed on campus. Student Government Association meetings are open to the entire student body. Attend one to see how they are run.

Most importantly, we must know who represents us on the council. Remember, the council members are our elected representatives. The college does not run on a policy of taxation without representation. We are taxed and we are represented.

Know who represents us. Seek out council members and let them know what we want. Talk with them and give our views and ideas. It is only through this personal contact that we can let them know how we feel about SGA policy.

Statement Of Policy

This is the third issue of the Kampus Vue. Most students are aware of what the Kampus Vue is in essence. It may not have become a magic password on campus yet, but we're working on it.

The editors would like to take this opportunity to acquaint the student body with the policy and goals of the Kampus Vue. We hope that the students are concerned enough about student affairs at FSC to participate in this activity.

Staff members are urgently needed at this time. It is impossible for a small staff to cover all the activities on a campus of 2,000. Reporters, photographers, cartoonists, copy readers and advertising staff are all needed.

At the present time the KV does not have an office but we hope to have one by the end of this week. This lack of office space hinders effective communication among the staff and between the staff and the student body at large. However, the KV mailbox provides a means of limited communication which is easily accessible to interested students.

The policies which the Kampus Vue follows are:

1. The Kampus Vue, which is subsi-

Letter To The Editor

Dear Students:

On behalf of the Men's Intramural Board, I would like to welcome back the sophomores, juniors and seniors. I would also like to welcome the freshman class and inform them of the function of the MIB. The board is composed of representatives from each class.

Soon elections will be held for the freshman class. If you are interested and wish to know more about the elections, contact me or drop a note in box 956. I will get in touch with you as soon as possible.

Ron Therrien  
Box 956

CAMPUS COMMENTS

Did you ever see a soccer player riding a cycle? Or are helmets becoming part of the official equipment?

Have you noticed how many students are using the benches in front of the IA building between classes? Hope the weather stays nice so these benches will be well broken in before spring.

Students who do not remember their mailbox combination should check with the mail room staff. New boxes will be issued shortly.

The spirit duplicator in Dean Merriam's office has been repaired.

Many students were upset that their names did not appear on the Dean's List. According to Miss Newell, students whose names were omitted should see Mr. Mazeika to make any necessary corrections.

Students Stuck  
1,150 Cars Tagged —  
1,150 Parking Spaces?

According to Mr. Walsh of the Campus Police, 1,150 cars have been given parking stickers to park in campus areas.

Commuters account for 870 of the vehicles brought to the college. 250 faculty members bring cars to school. And 30 dorm students have registered their cars.

Students who need parking stickers should see one of the policemen in their headquarters. The fee for the stickers is 50c.

Spirit '68 FSC

by BOB AUDETTE

Our college is at last beginning to evidence an inspiring and contagious school spirit. We have much to be proud of and take pride in identifying ourselves with our progressive and growing state college.

The green and white of FSC will be more noticeable than ever during this anniversary year. Wear these colors with pride. They represent a campus that has come to grips with the challenges of the times and is seeking new challenges which will enhance her stature as an institution of higher learning.

GET ON THE BAND WAGON! There is so much to be done and there is so little time.

Seniors, this is your last chance and a most appropriate chance it is. You are the 75th graduating class at Fitchburg State College. Don't pass up an opportunity to participate in this historic year.

Juniors, you are the inheritors of the leadership role. Prepare for that inheritance by contributing to the success of our Diamond Jubilee Year.

Sophomores, you are a happy combination of much enthusiasm and slight experience. Broaden your experience and share your enthusiasm with all of your college mates.

Freshmen, you are the special beneficiaries of this remarkable occasion. You will carry our our new traditions. We need especially from you a spirit and a willingness to become active in the promotion of our college community.

All classes and all students are needed to make this year a success. We have an excellent college newspaper it would be even better if you joined the staff. We have a proud yearbook, it would be far prouder if you would assist in its publication. We have athletic teams that will give their all but could give more if you supported them. We have a glee club and a band and they both need you. Our debate team is being reorganized, our Student Government is working hard. The end result of our endeavors all depend on YOU.

Newman News

# First Mass Attracts Many Students; Picnic, General Meeting Successful

Initial activities of the Newman Association were well received. Commuters were welcomed at a reception last Tuesday all during the day. Refreshments were served and students had an opportunity to see the Center and its facilities.

The first general meeting of the membership took the form of a cookout at Coggs Hall Park. Two guitarists led the 150 members in a song fest following the meal.

Sunday Mass in the junior high auditorium had a large showing of students. Fr. Lehane offered the Mass with Phil Barth as

lector. A guitar accompaniment to the hymns was provided by Carla Witzberger and Marylou Ward.

The collection taken up at the Mass will be sent to Carol Trainique, an FSC graduate who is working with VISTA.

Folk Masses will be offered on Tuesdays and Thursdays at 5:15 at the Center.

Membership is still open to those students who have not signed up. Students may join by visiting the Center on Highland Avenue. The Center is open to all students from 10 a.m. to 10 p.m. every day.

Many students attended Newman Association's Mass in the junior high auditorium. This will be a weekly event during the college year.

### Seniors — Announce NTE Dates

College seniors preparing to teach school may take the National Teacher Examinations on any of the four different test dates.

New dates for the testing of prospective teachers are: November 9, 1968, and February 1, April 12, and July 19, 1969. The tests will be given at nearly 500 locations throughout the United States, ETS said.

Results of the National Teacher Examinations are used by many large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers. Some colleges also require all seniors preparing to teach to take the examinations. The school systems and state departments of education which use the examination results are designated in the Bulletin of Information for Candidates.

On each full day of testing, prospective teachers may take the Common Examinations, which measure their professional preparation and general cultural background, and a Teaching Area Examination which measures mastery of the subject they expect to teach.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

## AAUP Needs Your Views

Dear Fellow-students:

I will be representing the college at the AAUP conference in October. It will be my responsibility to acquaint other members of the association with the problems of FSC.

It is impossible for me to know all of the problems and gripes of the students at FSC. For this reason, I am asking you for your help.

Students wishing to express themselves will please fill out the form below. Feel free to express yourselves on any legitimate problems. Forms may be left in the KV mail box.

It is only with your cooperation that I will be able to express the views of the students at FSC.

Thank you for your help for our college.

# Alumni Down Falcons, 4-2, In Soccer Tilt Injuries And Field Conditions Hinder Team

FSC All-American 1988?

With two of the varsity sidelined by injuries, the alumni defeated the Falcons, Saturday at the new field, by a resounding 4-2.

Playing for the alumni were: Babineau, Lapean, Mammone, Pawlak, Schacoy, Johnson, Chapdelaine, Worthley, Turner, Bernatowicz, Catalini, Dwyer and O'Brien.

The varsity roster includes: Broderick, Kiernan, Rakes, O'Neil, Catalini, O'Connell, Piro, Gagliarducci, Shea, Lawson, Rockwood, Gill, Fluet, McCauley, Hunter, White, Miller,

Thompson, Lovette and Gralinski.

Scoring for the varsity was done by Jim Miller with a pass from Tom White in the first quarter. Tom White and Bob Hunter cooperated for the second goal early in the third quarter.

Every member of the team played at some time during the game. The field was lined prior to the game and the goal posts had been erected the day before. Field conditions were not the best for a game.

This practice game pinpointed the teams weaknesses and strengths which will be ironed out as the season progresses.

**CROSS COUNTRY**

Under the tutelege of Coach Dave Settele, the '68 cross-country team has been practicing hard for its first meet against Rhode Island, September 24 at the Notre Dame field on South Street.

Mr. Settele looks toward a banner season with eight fine runners on the cross-country roster. They include: captain Don Burnham, Jay Sampson, Frank Sheehy, Rich Barnard, George Pere, Tom Bissonnette, Larry Wells and Pat Murphy. Gary Grady is manager of the team.

# Tournament Set For '72 Men: Trophy Awards On October 13

By JIM CRAIGEN

Dr. William Purcell, tennis coach, has initiated a fall tennis tournament for freshmen men. If enough interest is shown, he hopes to begin this program for upperclassmen next year. A trophy cup will be presented to the winner of the tournament on the final day of competition which is tentatively scheduled for Parents' Day, October 13.

In the first round of the tournament R. Holzman will face D. Frank, R. Perry will face P. Cincotta, W. Arsenault will face D. Johnston, P. Dugan is pitted

against the winner of the match between J. Schlichte and R. Pierce.

The rules for the tournament are:

1. All matches will be the best two sets out of three.
2. Matches shall be played on the college courts.
3. Play shall be continuous. Interruptions are permitted only for bad weather and darkness.
4. Winners will be responsible for posting the correct scores on the draw sheet.
5. Contestants are responsible for arranging their own matches. The first match, including the round of eight, should be completed by September 23.
6. Dr. Purcell will settle all forfeits and disputes.

# Mystery Forecaster At FSC

In the next few months, the KAMPUS VUE will note the presence of a mystery forecaster. It will be his job to predict the winning teams in professional and collegiate football, and possibly a few key intramural football tilts, along with a few FSC varsity soccer games. At the end of the year, the results of his predictions will be tabulated and compared with the results of mystery forecasters in the years to come. Clues to the identity of the mystery forecaster will be given in the next few months, along with his or her predictions. The mystery forecaster could be a member of the faculty, a fellow student, or maybe even a well-known alumni member. Will YOU be able to guess the identity of the mystery forecaster of 1968?

Falcons did not have much opportunity for bench warming during Alumni game.

**Pi Sigma Upsilon**

Continued from Page One

in a physical education program.

Other topics brought up for discussion during the evening were athletic teams for MIB football, pledge week and the entire social calendar.

Although it was a lengthy meeting, Pi Sig is now rolling and looking forward to another successful year.

**MIB Rosters Due This Month**

Rosters for this year's touch football intramurals are to be in before the end of the month. The final date will be posted on the MIB bulletin board in Thompson Hall. Once a roster has been submitted, there may be no changes on any team.

To improve the quality of ref-

ereeing, a clinic is being offered. Anyone interested in helping the board obtain officials, should contact Ron Therrien, Box 956.

# Permit Needed For Athletic Facilities At Coolidge Park

It has been brought to the attention of the physical education department that any organization on campus that wishes to use the athletic facilities at Coolidge Park must first obtain a permit from the Fitchburg Recreation Department on upper Main street.

Mr. Battenelli, athletic director, stated that the college athletic facilities located off Pearl Hill Road are open to any student at the college at any time. He further stated that the keys to the tennis courts are available in the new dorm and Herlihy Hall for any students who want them.

Alumni and students enjoying a double treat — a soccer game and warm temperatures.
